On November 20, 1983, many people were deeply saddened by the death of Rusty Herndon's sister, Karla. She is, and always will, be deeply missed by her family and many, many friends.

Rusty is a member of the Senior Class of 1984. Karla thought of all of Rusty's friends as her brothers and sisters. She went camping, to the beach, and spent almost all of her time with them.

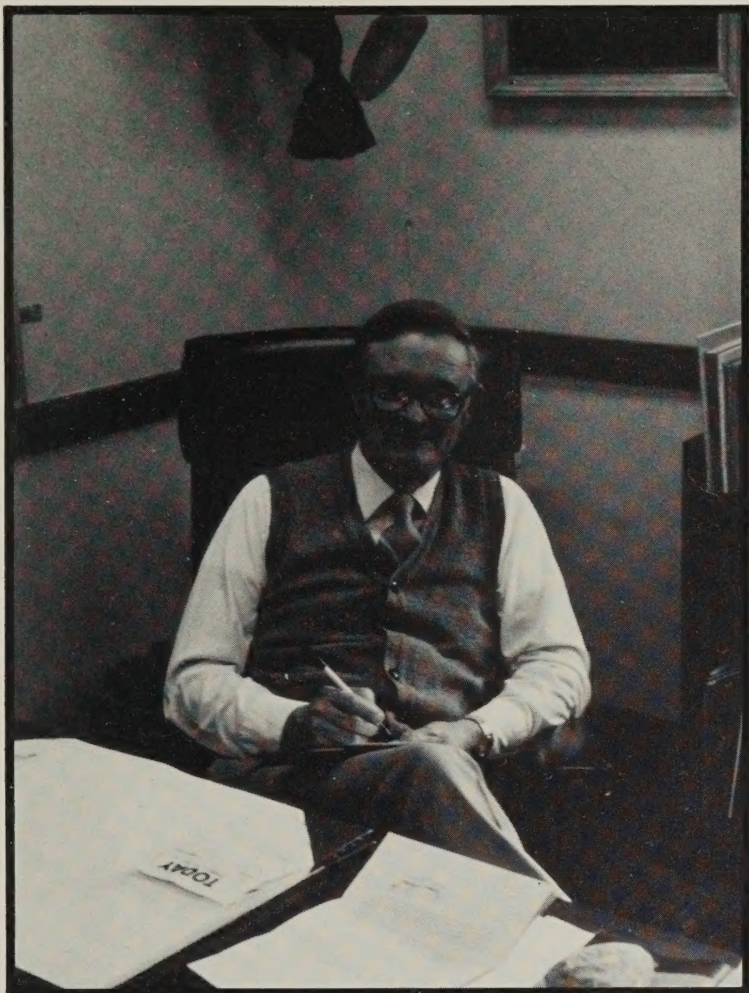

Karla had cancer, which was first discovered when she was only 10 years old. Her one wish was to live to be a teenager and to enjoy the same thrills and excitement that are often taken for granted.

Karla did live to be a teenager. On November 12, 1983, she celebrated her 13th birthday at the Russell County Medical Center with her family and friends. On November 19, 1983, only one short week after her birthday, Karla closed her eyes one last time.

Karla, we just wanted you to know, on behalf of the Seniors of 1984 — we miss you with all our hearts, and thank God for allowing us to have known you.

Alesia Wells

Mr. Musick, our new principal.

A NEW FACE, BUT AN OLD FRIEND

On August 23, students were met by a new, but not unfamiliar, face at H.H.S.

Mr. H.G. Musick, Jr. has assumed responsibility as principal after eight years at Honaker Elementary School. Many students were already accustomed to Mr. Musick as their principal. Those who were under his supervision for the first time soon learned that under his disciplinarian exterior, there was a leader, genuinely concerned about each individual student's future.

Mr. Musick can often be seen conversing with students in the hall, at ball games, and stopping by classrooms to check on projects and activities. Our new principal's pleasant disposition, fair policies, and one to one relationships with the students and the teachers make him a welcome addition to H.H.S.

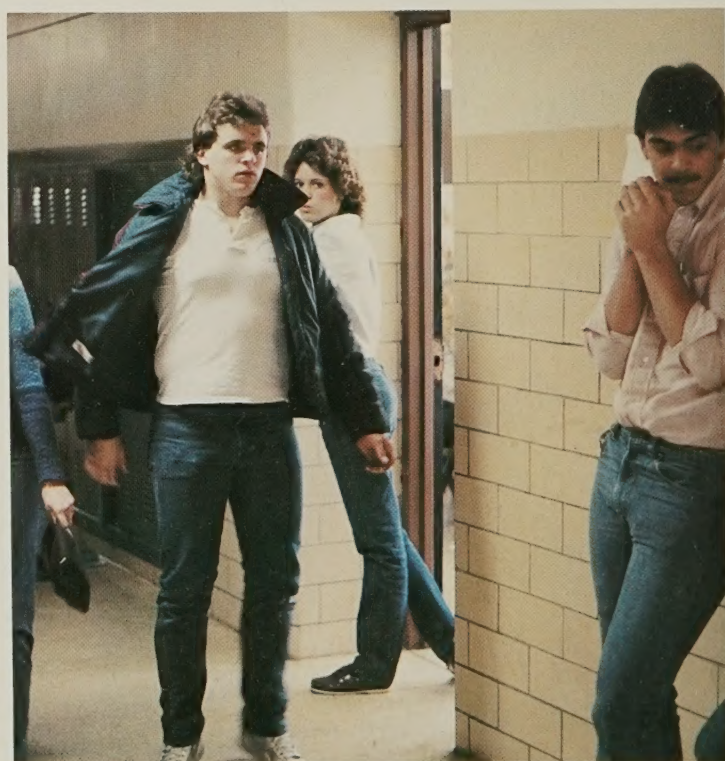

It's part of the job.

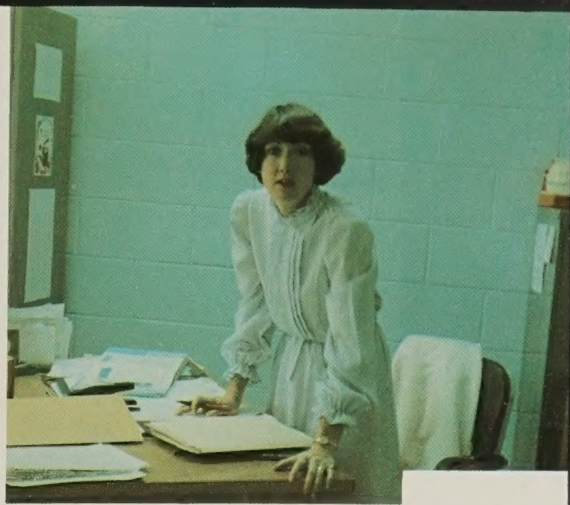

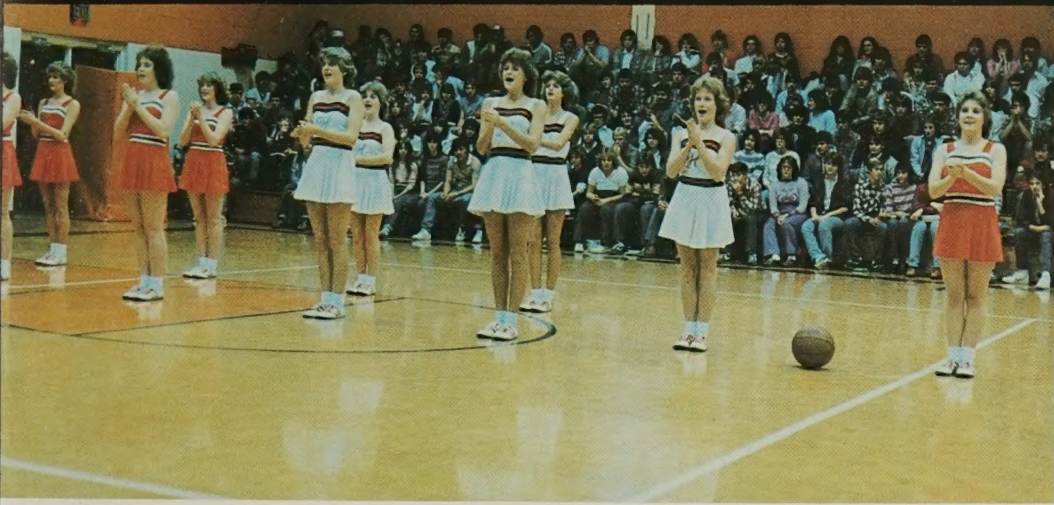

Mr. Musick and Mr. Steffy discuss school policies.

FRIDAY

FRIDAY

WEEKEND!!!!!!!

All alone

But I don't want to go.

Want to go four-wheeling?

WEEKEND!!!!!!

Who wants to eat at Pizza Hut???

Exc! Mom! I've got a test Sat period

I feel! What can I say?

What for our class to do in the?

Our 1983 Football Sweethearts: Karina Burton and Tammie Miller

What do you mean, I can't talk now?

What! Did you see that?

What! I can't talk now!

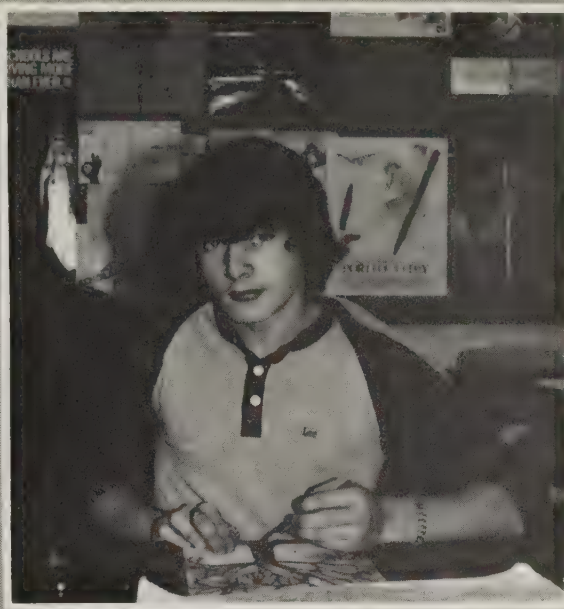

I didn't really do that, did I?

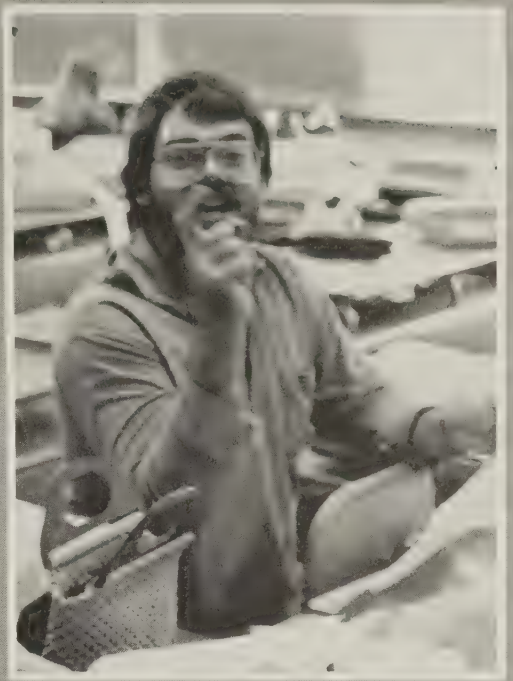

What! I can't talk now!

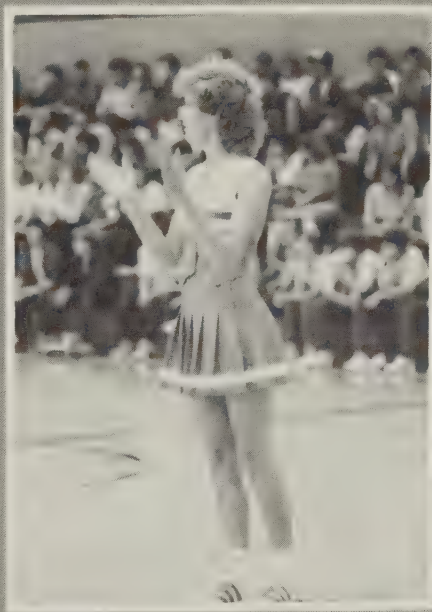

It's something funny going to school

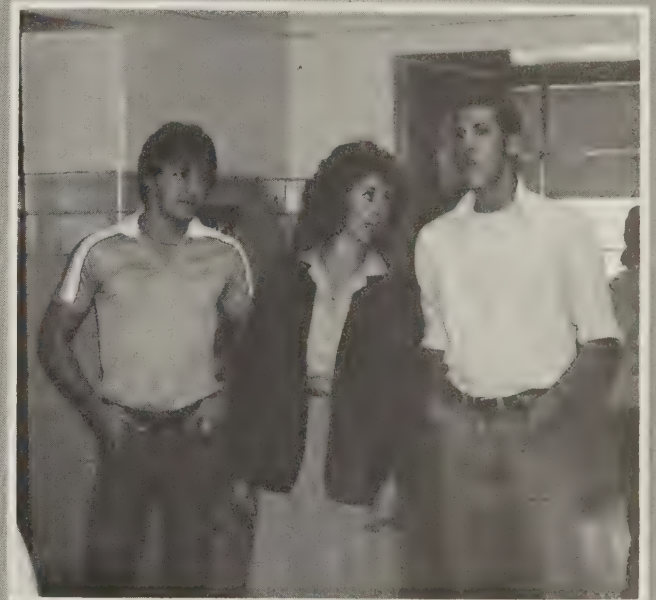

You know it's music time

That's all

What did you say?

You don't expect me to know it

Frank said this was a good

What are you looking at?

And it will be alright

Hold still, Brian.

VALEDICTORIANS

Rita Street

Pam Wallace

When all the tests, exams, and long class periods are over, seldom is there one student in the graduating class who has maintained an A average in every class they've taken in five years. Even rarer is a class with more than one such student. The class of 1984 boasts five Valedictorians, each with a 4.0 average. Congratulations seniors, for a job well done!

GRADUATION 1984

A.P.

GY

Dedicated to our Friends Facing Graduation

Faces of old and faces of new,

People we know and people we knew.

Growing together then drifting apart,

Always an ending and now a new start.

At graduation we all grow nearer,

And all of our friends seem so much dearer.

And as we say our final good bye,

One last embrace and one more cry.

A "Keep in touch",

A "Promise, I will",

A "Remember when",

But better still,

A place in my heart,

You'll always stay,

This is what's said as we go our own way.

LADY TIGERS IN ACTION

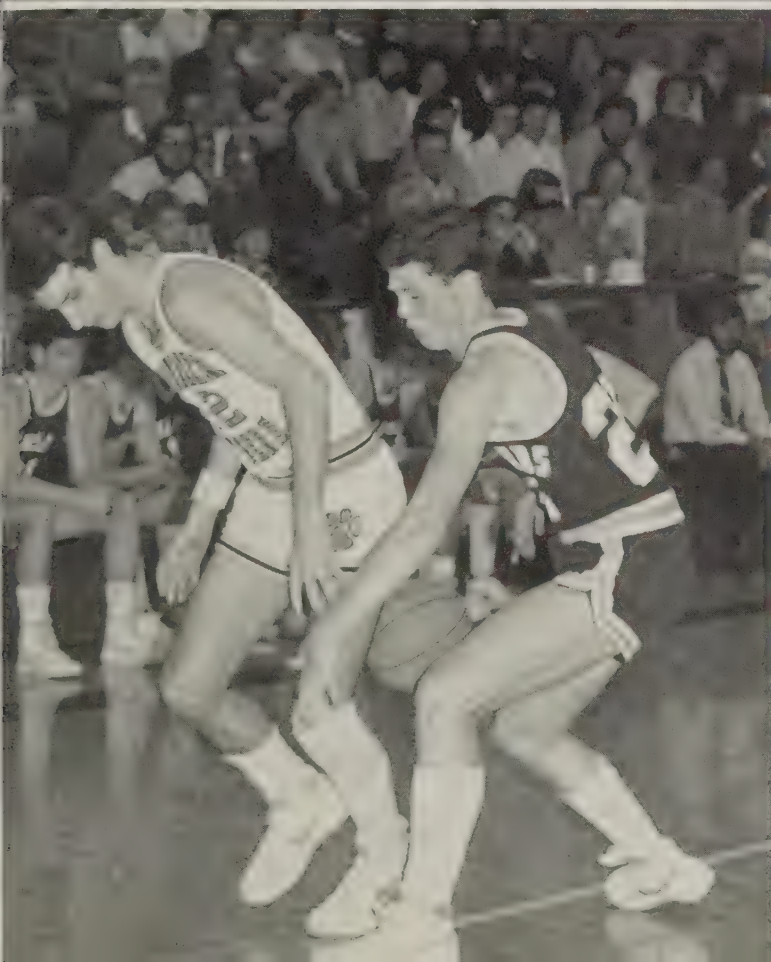

The volleyball team played a twelve game schedule this year. The team improved its record to 5 and 7. There are only two graduating from the team, and for the first time we had a J.V. team. These are two major things that give the team great hope for the future.

Mental toughness Multiplied by Execution (MTXE) is the overall philosophy that I foster toward developing and maintaining a successful basketball program. My definition of success is "peace of mind which is a direct result of self-satisfaction in knowing you did your best to become the best that you are capable of becoming I also believe that if you can conceive within your mind and believe within your heart, you shall achieve within your lifetime.

Discussing strategy.

The aim of any sport is to win and master skills within that sport. The Lady Tigers fully equipped with ability and their 4 D's (desire, dedication, discipline, and determination) enter into their season. During each game, each girl will learn that individual effort is not enough, that individual effort must be combined with team co-operation, in order to reach the ultimate goal of winning. Over the past 4 years, since our origin, the Lady Tigers have a cumulative record of 43-6, 88% total wins, we are proud of this and we as a team hope to increase the winning percentage this season, and perhaps claim district, region and beyond.

To my girls: Thru all the yelling, the blood, sweat, and tears. I still love ya, always do your best.

FOOTBALL CHEERLEADERS

I enjoyed working with the football cheerleaders this year. The girls worked very hard to be a good squad. They choreographed and learned a new routine for the homecoming pep rally in just two days. I think they represented H.H.S. well and showed pride in themselves and in their school. I could not have asked for a better squad.

ATHLETIC DIRECTOR

C.W. Dotson

Too many students and teachers are not fully aware of the responsibility and work involved in maintaining an athletic program. The Athletic Director is the supervisor for all coaches and cheerleading sponsors. He is responsible for arranging: each sport's game schedule, meals for athletes, eligibility requirements, and ticket sales. In addition, he coordinates practice schedules, provides facilities for visiting teams, arranges for transportation, and hires officials. Probably the largest responsibility of the Athletic Director is preparing the annual budget, including transportation needs, uniforms, and equipment.

C.W. Dotson, in addition to coaching basketball and teaching, fulfills these responsibilities and more. Mr. Dotson has included the Honaker community in the athletic program, allowing a bigger and better system.

From all the athletes and coaches for your time, effort, and professionalism ... thanks, Mr. Dotson.

The 1983-84 Student Council Association performed many activities throughout the school year. The SCA sponsored a "Welcome Back" dance and the annual Homecoming dance. The organization donated \$100 to the Honaker Rescue Squad and to St. Jude's Hospital. Repairs for the marque were paid for by the SCA. The Senior Appreciation Reception and the Miss H.H.S. pageant were also sponsored by the SCA. In addition, the organization became reaffiliated with the Virginia Student Council Association.

CONTEST RESULTS

SOUTHEASTERN BAND FESTIVAL — EXCELLENT
SCIENCE HILL — SUPERIOR

A BUSY YEAR FOR THE TIGER BAND

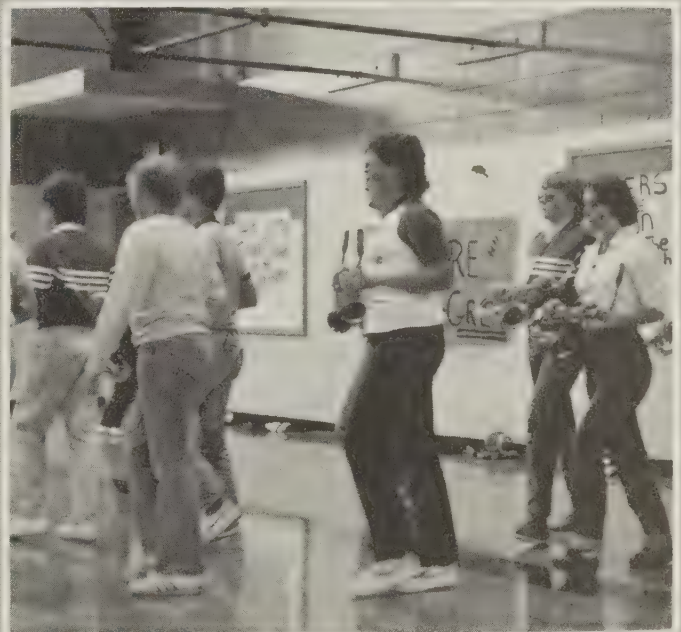

The hard practice paid off during the show.

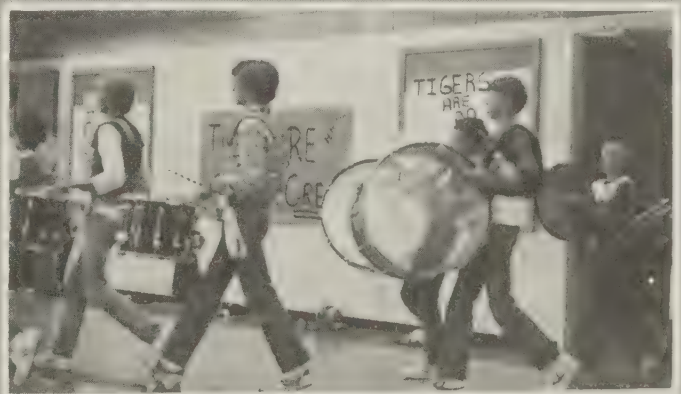

But can they play them?

What an ego

I love a parade!

Yes, they're heavy!

EDITORS

Loretta Lambert and Alesia Wells

We have enjoyed working on the yearbook this year. A lot of time and effort has been spent on the '83-'84 Torch, and we, along with the staff, feel that this is a very successful yearbook. The staff has tried its best to put many wonderful memories in our yearbook, and we hope it holds as many special memories for each one of you as it does for us.

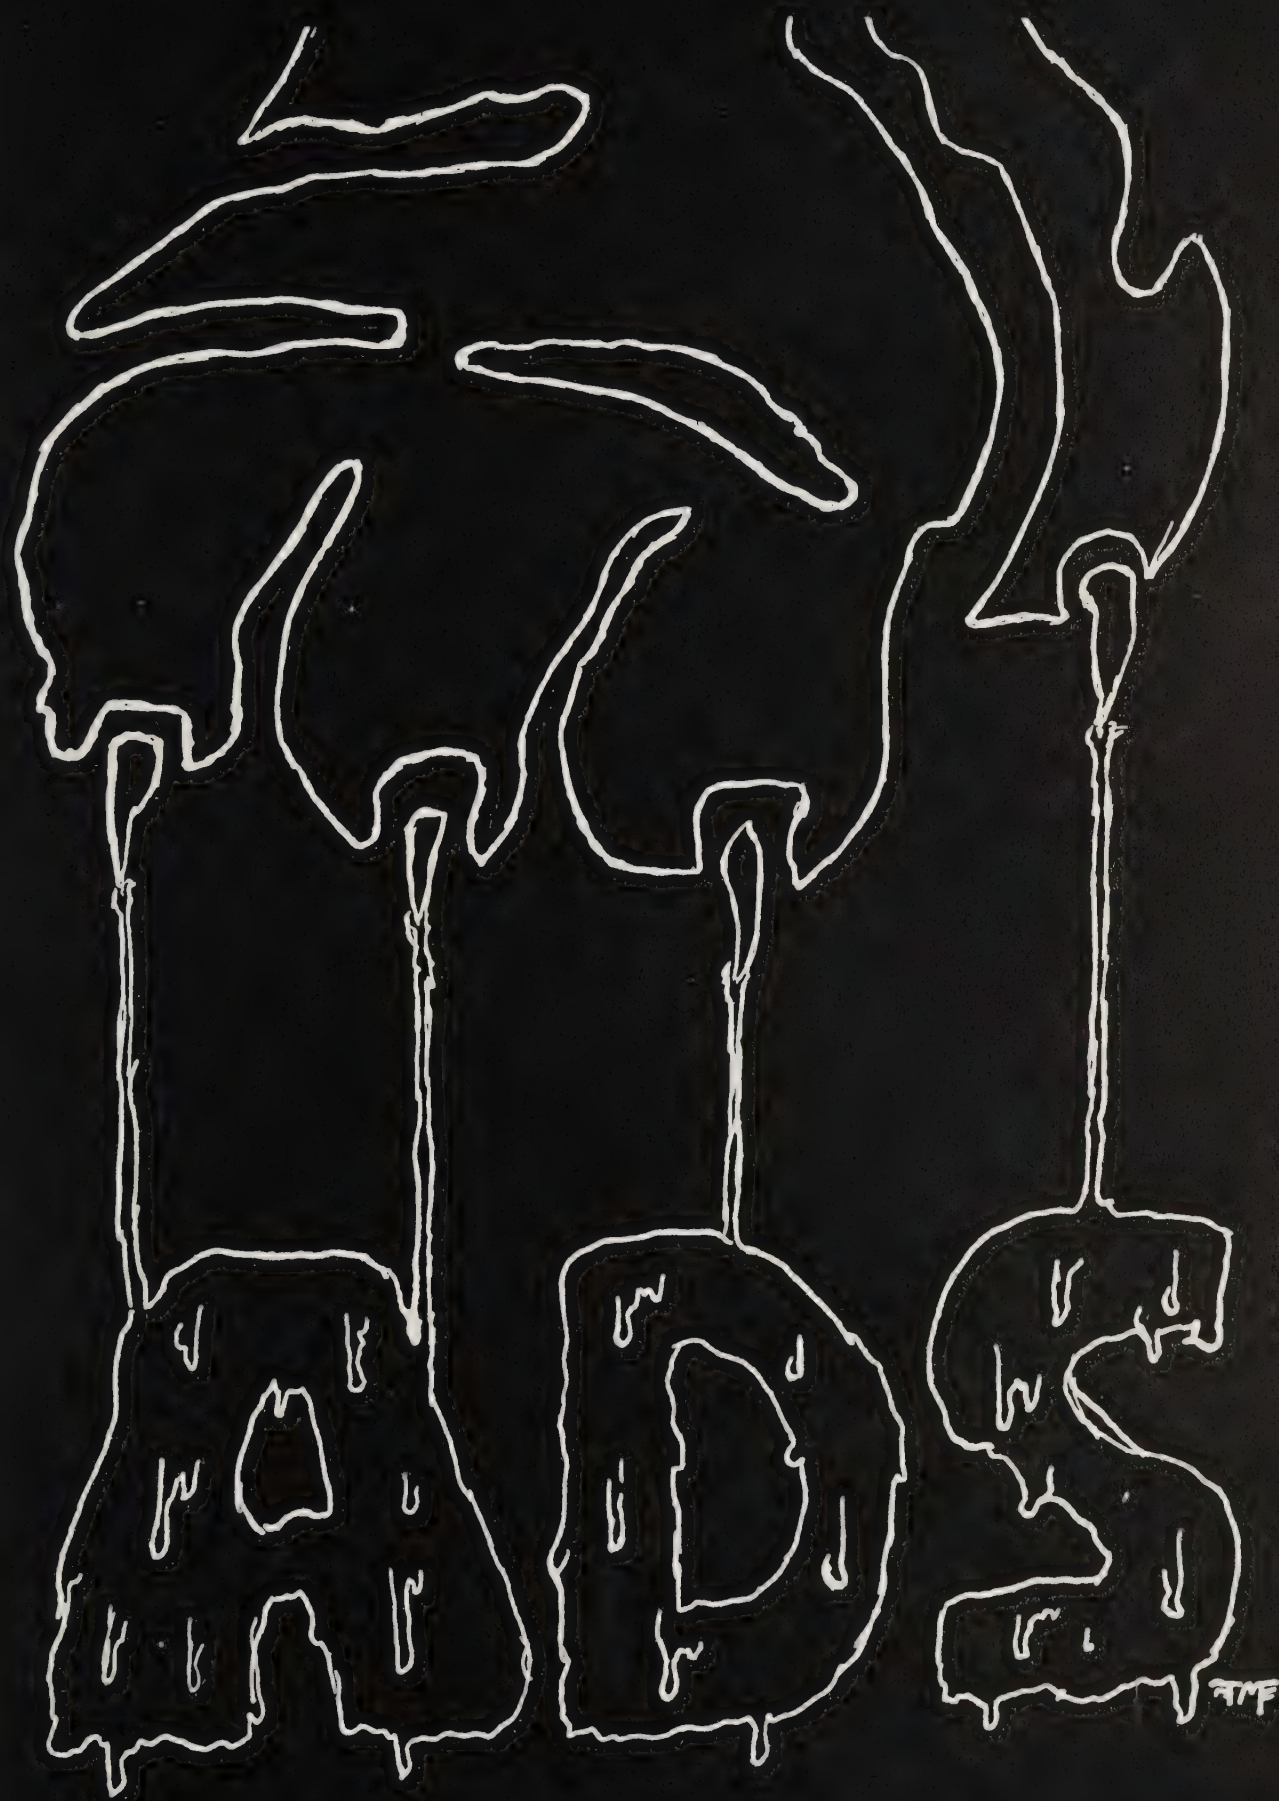

We want to thank each member of the staff for helping work out each section; we greatly appreciate you and the time you have spent putting together the pages, and also to the teachers for their patience and contributions.

We wish next year's staff the best of luck and hope that their time and effort will be as enjoyable as ours has been this year.

We extend a special thanks to Mrs. Hammel for her help and understanding. You stood behind us all the way. We love you!

Loretta and Lisa

the Challenge

From the atom to the sun... the universe pulsates with energy in many forms.

The challenge is to find ways... new ways... to utilize the earth's vast storehouse of fuels in providing the energy needed for this nation to continue to be great.

The means—innovative technologies, exotic engineering, dynamic architecture—exciting advances that must come if man is to tap Nature's lode for the energies he needs.

From the smallest part of the universe to the largest... that's the scope of the energy field today. The opportunity for personal achievement is infinite; the challenge, one that must be met.

PITTSTON Coal

The Dependable Energy Source

Pittston Coal.

It begins in rich coal seams under the beautiful Appalachian Mountains of southwestern Virginia, West Virginia and eastern Kentucky.

Here Pittston controls several billion tons of some of the highest quality metallurgical and steam coal reserves in the world.

Here Pittston has invested, and will continue to invest, hundreds of millions of dollars in modern mining operations to serve our customers around the world.

Here thousands of miners and their families depend directly on our company for their livelihoods, and tens of thousands of others in the region benefit from our economic contribution.
